### New Business & Notability Notes

- LOOP News is in a startup phase, in an effort to prevent any and all impersonation early; We are consulting several social media agencies with early requests of verification.
  - The Loop News company has no significant form of notability that would be worth mentioning in this document at this time other than legal formation, reference and information.

## NOTES

- As seen by prt. Humanoid Labs impersonation is prominent in this industry. Slander upon our business through impersonation can be detrimental as we are in the news industry and rely heavily on client

trust. For supra reasons, I have gathered you all here today. This document will be sent to Instagram and all other discussed platforms this afternoon in attempts at early verification.
